SALES TAX STAYS BY 4-1 MARGIN!

3115 TO 750

Voters Defeat Repeal With Edge Of 2365

A 4-1 majority at the polls Tuesday scored a major victory for Daly City progress as sales tax and the use tax were upheld at the 15 precincts. There were 3115 votes to keep the levies and only 750 for repeal.

Ironical twist came in that the "no" baliots actually maintained the sales tax here. "Yes" responses were marked by those who wanted it abolished.

City Clerk Evelyn Mosman's final official figures showed that 28 per cent of the city's 14,182 registered voters responded. Exact number of voters was 3961, some 48 of whom failed to mark the ballot though entering the booths.

City Manager George Watts and the council were jubilant. The triumph of sales tax, which had all San Mateo county cities watching and perhaps waiting to follow suit, will provide Daly City with otherwise lacking annual funds for capital improvements and will help to keep the property tax rate at a reasonable level, he said.

Sales tax, first authorized here in April of 1958 by a 3-2 council vote (not by the citizenry at large), already has brought the city some $340,000 for capital outlay and property tax reduction use. The sales tax returns are split equally in both categories and cannot be diverted for other expenditures.

With sales tax, the city's present property tax rate was reduced last year by 58 cents to a rate of 92 cents per $100 assessed valuation.

Several long-planned capital outlay projects will be launched in the new fiscal budget—thanks to the success of sales tax Tuesday at the polls, Watts noted.

COURT VERDICT UPHOLDS 'DUES' ON WESTLAKERS

Westlake Subdivisions Improvement Association does have the right to collect assessments from Westlake homeowners.

This was the official verdict last Thursday in muncipal court, South San Francisco, with Judge Charles Becker presiding.

The ruling ended more than four years of litigation which started when Mr. and Mrs. Richard Opperman, formerly of 195 South Mayfair avenue, challenged the right of the association to collect the yearly dues.

According to an association spokesman, although the WSIA certain of its activity as defined in the original home purchase deeds, the group felt was necessary that an all-encompassing test case be made.

The case was carried through the municipal and superior courts of San Mateo County.

Annual dues for Westlake homeowners is $7, payable the first of each year. Initial assessment for new home buyers is $18, followed by the yearly commitment of $7.

Penny To Enter Plea Next Week In Norry Case

Postponement for one week was granted to Penny Bjorkland, which changed the date of her appearance for a plea in the superior court of Judge Frank Blum to next Monday at 1 p.m.

This action was taken following a request by her counsel for a three-week delay during which time psychiatrists would, it was claimed, conduct a thorough examination of her mental state which resulted in the pathological killing of August Norry here in February.

A battery of psychological tests are being administered to the girl by two San Francisco men, Dr. Bernard Diamond and Dr. Harry Fairclough.

According to Sheriff Earl Whitmore, Miss Bjorkland now appears to be making a good adjustment to prison life and has not staged any more tantrums or other unusual behavior.

Young Supermarket Clerk Admits He Forged Check Here

A suspected forgerer admitted his action Tuesday while under interrogation by Daly City police sergeant Bruno Conci and officer George Brooks.

First indication of the bad paper came when Frank Hicks reported from Mayfair Market, 2350 Junipero Serra boulevard, that one of his employees was suspected of having forged and cashed a $100 draught there.

Grocery clerk Sampson Mervin Sampson, a 24-year-old San Francisco man, at first denied the charge after being picked up.

However, said the police report, he finally changed his story and admitted forging the check and cashing it from the till.

He said that he did so because he was broke and needed the money, the officers stated.

After booking, his bail was set at $1000 cash or $2000 bond.

COLLISION, COLMA MAN BOOKED FOR DRUNK IN AUTO

A Colma man, Ralph Lawrence Reiseker, 461 B street, was arrested for being intoxicated in an auto following a collision with a bus belonging to Northgate Transit Company.

According to the driver and his five passengers, the vehicle pulled up behind Reiseker's car which was stopped in the arterial of Station and School streets.

After about a minute's delay the bus driver, Edmund J. Paszesniak, tooted his horn at the immobile Reiseker who responded by promptly backing into the bus.

When police arrived on the scene they reported that Reiseker was so deeply under the influence of alcohol that he could give no statement except to say that he did not know there had been an accident.

He was booked and released on $55 bail.

DEPLORABLE status of old Edgemar road (above) has brought the wrath of school officials and St. Francis Heights residents. This bumpy and muddy route is the only link between Eastmoor and Westmoor avenues. Since it cuts through the M. Pauline Brown school site, the latter plant faces a delay in construction. Callan company is committed to eliminate the problem—by agreeing to realign its portion of Eastmoor in due haste—the city hopes. THE RECORD photo

PEAK APPEARS OVER

Westmoor High Hard Hit By Siege Of Flu 18 Percent Missing

Flu is causing a major absenteeism in Westmoor High, according to Principal Glenn South.

He reports that up to 18 per cent of the student body has been forced to remain at home during the past three weeks due to the rampaging spring disease.

South continued by saying that teachers have also been hard hit, with three of them out this week. However, he said, the situation now shows a trend in the direction of leveling off.

In a report from Jefferson High, Principal John Mongan remarked that the school remains virtually untouched by the widespread epidemic.

H. Z. Weibel, Jefferson Elementary District Superintendent, said that 17 per cent of the Jefferson School's fifth and sixth graders fell prey to the illness.

According to his statement, 86 children are out at Colma Intermediate School. This represents 14 per cent of the enrollment.

Otherwise, there are no undue absences in the district, reports Weibel.

MAYOR'S SON INKS 3-YEAR ARMY CONTRACT

Edward J. Dennis Jr., son of Daly City's mayor, has enlisted in the Army and leaves this Thursday for basic training at Ft. Ord. He signed for a three-year tour.

Young Dennis, a '56 graduate of Jefferson High, will spend eight weeks at Ft. Ord, followed by 12 weeks of training at the Neuro-Psychiatry Procedure School, Ft. Sam Houston, Texas. An eye deficiency hindered his chances for officer training.

Dennis, 21, resided at 115 East Moltke and worked in real estate. A former Eagle Scout, he is the youngest member of the Daly City - Colma Lions Club.

SFC Tom M. Scannell, recruiter at 2747 Mission st., San Francisco, processed young Dennis and was responsible for his assignment to the special training in Texas.

21 Elementary Teachers Here Granted Tenure

Twenty-one Jefferson Elementary District teachers were granted tenure contracts Thursday night by the board of trustees, according to Superintendent H. Z. Weibel.

Successfully completing the probationary period and on tenure effective next school year are: Lloyd Andrews, Gladys Benofsky, Barbara Busetto, Agnes Duggan, Margaret Dwyer, Florence Fennessey, Barbara Gardner, Sharon Guiles, Carl Hunter, Thomas Joyce, Elisabeth Keropian, Bertha Kessler, Lorraine Lee, Dorothy Malone, Carroll Martindale, Iola McKeown, Edna Murphy, Byron Ogden, Beverly Peira, Hannah Scholler and Claribelle Williamson.

Weibel said also that 132 probationary teachers were granted new contracts at the same meeting.

Tot In Crib Found Dead By Babysitter Here

Death by apparent suffocation struck a two-month-old baby girl while she was in the care of babysitters at 725 Bellevue last Thursday morning.

Tiny Patricia Chan was discovered dead by Mrs. Effie Markas when she attempted to waken the child for her early morning bottle.

According to a report by Officer Richard Sims, Patricia had been placed in the woman's care the previous day by Mr. and Mrs. Thomas Chan, who reside in San Francisco.

The policeman said that Mrs. Markas stated that the child appeared to be in good health after finishing her midnight bottle but when it was time for the morning feeding the little girl lay face down and her hands and face had turned a bluish purple.

Sanitation Board Approves $152,950 Budget For 59-60

A North San Mateo County Sanitation District budget for 1959-1960 in the amount of $152,950 was accepted by the three directors at their regular meeting Monday.

At the same time it was declared that employees will receive a five per cent pay hike, effective on July 1.

In another action, the board gave official approval to the laying of sewage lines in Olivet Memorial Park.

PACIFICAN SCORES LANDSLIDE VICTORY

Cooper, Douglas, Lewkowitz Take DC Trusteeships

Twenty-year Daly City resident Joseph "Joe" Lewkowitz, service station owner who resides at 501 Vista Grande avenue, and Coastsider James "Jim" Cooper, a busy Pacifican, polled top votes Tuesday in the Jefferson elementary and high school district trustee elections.

Lewkowitz, chairman of the elementary board, retained his three-year post for a second time as he got 2338 votes. Second JESD seat was captured by Westlake tax attorney O. Wayne Douglas, 34, of 1147 Southgate avenue, with a total of 2152.

Douglas' running mate, Marvin Nathan, 29, of 61 Crestwood drive, had 1861 votes. Donald Lesher, 417 Castle street, running with Lewkowitz, was next with 1528. John Evangelisti Jr., of 523 Wyandotte avenue, trailed with 519. Douglas and Nathan were backed by the Serve-Our-Schools group.

JOE LEWKOWITZ
...does it again

Cooper, 46, of 116 Avalon drive, Sharp Park, walloped his two Daly City opponents for the three-year Jefferson High District trustee berth. The transportation manager was ahead throughout the district. His total tally was 3837 votes. Joseph Schultz, 36, of 548 Atlanta street, Daly City, got 1736, and the Rev. Fred Fanthorpe, 47, of 787 South Mayfair, mustered only 918.

Eligible voters in the elementary district (18 precincts) numbered 16,733 and in the high school district (31 precincts) 25,357.

Douglas, successful JESD candidate, fills the vacancy left when the term of veteran trustee Michael Callan expires this June. Cooper takes the place of another Coastsider, Vallemar's Donald Miller, on the high school board. The latter panel thus will continue to have two Pacifica representatives, two from Daly City, and one from Colma.

Incumbent Eleanore Nettle retained her post on the San Mateo Junior College District board by thumping Brisbane's Laura Johnson, 9567 to 3798.

The incumbents also won in the Bayshore and Brisbane elementary races. David Barry, with 173 votes, and Ferdinand King, with 161, triumphed in Bayshore. Next came Ruth Aydelott, 119, and Lila Nye, 110.

Brisbane victories were scored by Margaret Galten, 391, and Ellen Bhend, 378, both for three-year terms. Micheal Nagy, with 362 votes, won the one-year post over William Jones, with 216. Finishing behind incumbents Galten and Bhend for the three-year berths were Sidney McCollum, with 209, and Nancy Moritz, 180.

Laguna Salada Elementary District of Pacifica suffered the biggest jolt in Tuesday's county-wide school campaigns. The tax hike lost there, 1072 to 747, and the $3,500,000 state aid request failed to carry by a substantial majority.

City Planners Adopt Master Land-Use Plan

The planning commission last week adopted a Land Use Master Plan for Daly City, designed to determine all zoning and rezoning of existing and future areas.

Hahn, Wise, Barber and Associates prepared the all-encompassing Land-Use document, public hearings on which were held on February and March.

The commission in regular business last week approved zoning on four acres of Doelger land from unclassified to C-1 for shopping center facilities south of St. Francis boulevard and Unit 11, east and West of Skyline boulevard.

The planners also approved Doelger's request for rezoning strip south of Southgate avenue and west of Park Plaza drive (in front of the swimming pool apartments) from C-1 (commercial) to R-3 (more apartments).

In other action, the commission:

1. Aproved rezoning lot at 39 Price street from R-3 to C-1, requested by John Grey Land Corporation, San Francisco.

2. Okayed variance filed by William Lagomarsino and company to eliminate front yard setback for an apartment building on two lots located between 154 and 142 First avenue.

3. Noted withdrawal of application on variance for 8-foot fence, filed earlier by Mr. and Mrs. Dario Biancalana, 98 Palisades drive. The couple learned that fence was unnecessary since another home is to be built between their residence and Palisades playground.

4. Approved application of Alexander Zvanski, 6701 Mission street, for tire recapping service at 7338 Mission street.

5. Approved application of Sierra Radio and TV for sign at 2394 Junipero Serra boulevard.

McSWEENEY IS 'AHEAD' ON 3 SCHOOL JOBS

Liquidation of $297,000 in government bonds was recommended by the Jefferson Elementary District board of trustees at their Monday night meeting.

Funds realized from the transaction will be applied to expenses encountered in the building of the Daniel Webster K-6 school in St. Francis Heights.

At Thursday night's meeting, deeds for this site plus the Thomas Edison and Abraham Lincoln locations were accepted. It was noted that the project, under the direction of architect Angus McSweeney, is moving so rapidly that three schools will be ready to go to bid in June, one month ahead of schedule.

It was also announced that plan revisions on the George Washington project call for a 12-room K-6 plant instead of the nine-classroom school.

Acting on this, the board approved advertising the homes on that location as being for sale to the highest bidder.

In other action, the board recommended application to the state allocations board for funds to cover the M. Pauline Brown and General Pershing projects.

Hope was expressed that the Brown school may be ready in September of 1960 unless the Callan Company's delay on the

Order Of Scores On Police Sgt. Exam Told Here

Results of the recent sergeant's examinations were announced by Police Chief Roland Petrocchi Tuesday.

High score among the ten applicants was achieved by officer Charles Terry.

Following him, in the order of their final marks, were Jerry Galindo, James Sunderland, Mathew Murray, James R. Bergstrom, Stephen Steen, James Welch, Richard Sims, Phillip LaBruzzo and Lester Bastedo.

Petrocchi remarked that he is uncertain of when an appointment will be made. He said that a decision will probably be reached after presentation of the new city budget.

'MISS DC' CONTEST

Chamber Wants Many Beauty Contestants

Girls, girls, girls and more girls!

This is what the Chamber of Commerce wants now for its fifth anual "Miss Daly City" beauty contest. Time is running short.

Preliminary judging will be done on Friday evening, May 29 (next week), at the Doelger swimming pool apartments, 200 Park Plaza drive, starting at 7:30. Final judging is set for Thursday night, June 18, at Westlake Joe's.

Deadline for girls to fill out applications is next Wednesday, May 27. These may be secured at the Chamber office of Peter J. Markovich, 6454 Mission street, phone PL 5-2262.

Eligible to compete are Daly City and Colma area young women (Jefferson Union High School District), ages 16 to 25, unmarried, and residents of this area at least a year.

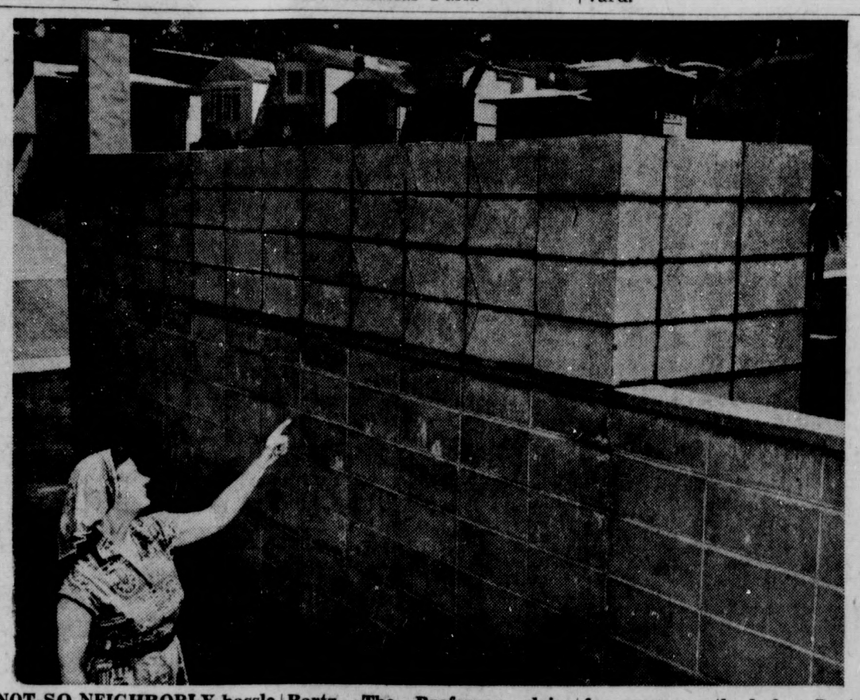
Last year's contest attracted a field of 15 cuties. Winner was blonde Mary Cunningham, Jeff High senior. The Chambermen figure this time the entry list will come closer to 20 or 25 beauties.

Bathing suit appearances again are required. Judging will be based on looks, poise and personality.

The lucky young lady who wins the nod here will represent Daly City in the San Mateo County Fair and Fiesta Dream Girl Contest. Who knows? From there, she could advance to state beauty competition. In addition, Miss DC will appear at civic functions throughout the year.

Judges for the contest will be Mayor Edward J. Dennis, Superior Judge Frank Blum, Municipal Judge Charles Becker, builder Henry Doelger, and Marchbanks publicist Roy Hurlbert — all Daly City residents.

The preliminary judging on May 29 will be at pool-side. Finals on June 18 will be at a banquet for parents and contestants.



NOT-SO NEIGHBORLY hassle has erupted again at 1 and 3 Westdale avenue in Westlake where Julio J. Profumo and his wife (above) challenge the "block wall" built by Stuart Bartz. The Profumos claim Bartz violated city orders when he went higher than six-feet with the wall instead of installing a plastic patio cover. The neighbors had wrangled for many months before Bartz got council approval. The city now wants to determine if Bartz constructed more than he was authorized. THE RECORD photo

Two Westmoor Seniors Appointed To U. S. Merchant Marine Academy

Congressman J. Arthur Younger today announced that two Westmoor High School seniors have been selected for appointment to the U.S. Merchant Marine Academy at King's Point, New York, with a reporting date of this July.

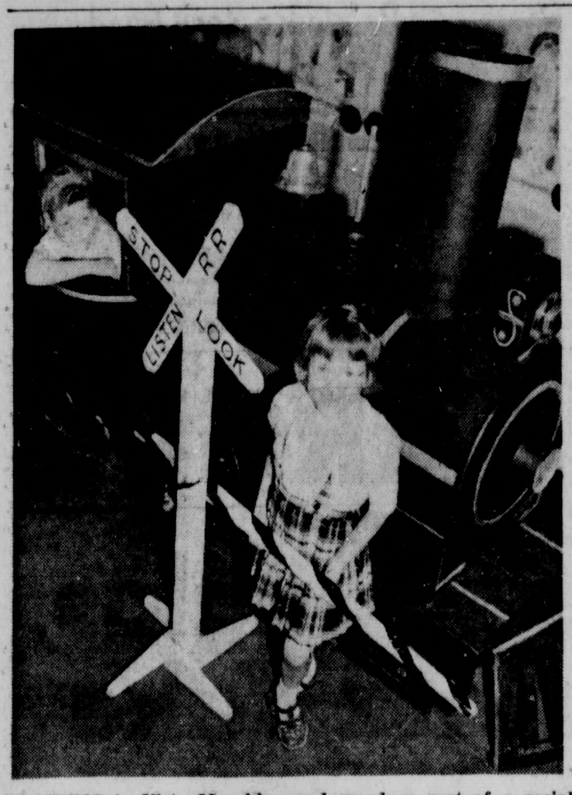
The Daly City pair — only boys in San Mateo County chosen and among 23 from the state of California are Earl William "Ed" Dowdall, of 1863 Sweetwood drive, Colma, and Sidney Neal Goddard, of 497 Westmoor avenue. Both are 17 years old.

Younger said the records of both Westmoor students were "certainly outstanding and a credit to the high school district and the community."

Thousands of high school students throughout the nation and state have gone through the preliminary screening for the Academy, Younger pointed out.

"The fact that San Mateo County got two appointments and that the Daly City area landed them both is quite extraordinary," declared the Congressman.

Dowdall and Goddard will take final written and physical exams soon, Younger said.



TRAINING in Vista Mar kindergarten got off the track when the kids there trained on this stationary train. Tommy Short is all set at the throttle while Pamela Kilmartin stops traffic. The children constructed the train out of cardboard and wood as part of a social studies project. This is one of the many imaginative activities which schools in Jefferson Elementary District originate for the educational benefit of their pupils.

Mother Complains Her Daughter Is An 'Incorrigible'

A woman brought her teenage daughter to the Daly City police station Saturday night with a request that the officers put her away as an incorrigible.

According to the police report, the mother stated that her girl was presently on suspension from Jefferson High, had stolen and consumed a bottle of wine recently and was improperly consorting with boys.

She went on to say that her daughter had just come home after a night in a parked car with a girl friend and two young men.

Police here cited the girl and transported her to Hillcrest Juvenile Home to await further action.

The first salaried fire department in the United States was established at Cincinnati in April, 1853.

road re-alignment there forces abandonment of the site.

In that case, an alternate location, also on Callan land, behind the Serra theatre, would probably be used.

Action began on the Gaspar Portola site, located south of Westmoor High in the Westlake Doelger subdivision, when Angus McSweeney was commissioned to begin site utilization and preliminary building plans there.

Finally, the board awarded four-year contracts to Dr. Vinton Stratton and Dr. David Shapiro in the amount of $13,900 per year to take effect as of July 1.

They also appointed Shapiro as the school house planning and financial agent for the district.

Mink Stolen On Mayfair Avenue, Valued At $325

Theft of a mink stole from a bedroom closet at 824 North Mayfair avenue was reported by Virginia Harvey.

According to Officer James Sunderland's report she lives alone, employs no domestic help and always keeps the house locked.

However, on one of April's warm days she did leave a window open in the bedroom from which the coat was stolen.

Since no type of forced entry was discovered by Sunderland's investigation, it is assumed that the coat was taken at that time and the loss was not noticed until this Monday.

The stolen stole was valued at $325.

RECENTLY installed are these new officers of Vista Mar PTA. Front row (from left) the Mesdames: Vincent O'Connor, financial secretary; Don Davis, recording secretary; Thomas West, president; Richad Webster, historian. Rear row: Roy Rosendahl, corresponding secretary; Joseph Elliott, parliamentarian; Marshall Hughes, treasurer, and Robert St. Clair, vice president. Mrs. St. Clair, wife of the city councilman, was the unit's first president.

Malicious Damage Wave Hits Autos Over Weekend Here

Malicious damage to automobiles was reported with unusual frequency in Daly City during the weekend.

Police here received their first complaint on Saturday night from Leonard Holmboe, a San Bruno man.

After parking his car on Alp street at Hillside boulevard he entered War Memorial building to attend a square dance.

When ready to return home, he found that someone had viciously smashed the windshield in his late model vehicle and splattered eggs all over the automobile.

According to the report, damage was estimated to be in excess of $150. No motive for the act could be discovered.

On Sunday night two vehicles in the Aero Motors lot, 7073 Mission street, had their right front windows smashed and their fenders and hoods were kicked and scuffed.

An estimated loss of $30 resulted.

Also reported on Monday was another broken car window combined with a petty theft from the glove compartment.

Albert Willis had left his vehicle in front of his home at 160 San Diego avenue for several hours. He came back to find that his left front wing window was smashed open, his glove compartment rifled and a cheap purse containing 30 cents had been taken.

Cliffside Drive Fire Damages Set At $8000

A fire believed caused by a cigarette in a chesterfield did an estimated $8000 damage to the home of Mr. and Mrs. Thomas E. Beggs at 67 Cliffside drive in Westlake shortly past noon Tuesday.

The couple were away at work when a neighbor noticed smoke pouring from the front of the residence. Firemen from Companies 2 and 5 had the blaze controlled in about 15 minutes. But it took them two hours to clear up the debris.

Chief Elmer Kennedy said structural damage, about $5000, was mostly in the front room. He said damage to furniture was about $3000.

'VOICE' OF THE PEOPLE STRONG

The people had their "voice" Tuesday, and with the best interest of the community in mind, kept sales tax by a convincing 4-1 margin.

Combined with the school trustee elections, the response at the polls was good. Some 28 per cent of Daly City's 14,182 registered voters exercised the privilege.

As Councilmen Francis Pacelli and Joseph Verducci have long pointed out, Daly City needs the sales tax. Funds for capital improvements and lowering the property tax rate thus will continue to flow into the city treasury.

Tuesday's showdown on the tax—by vote of the people—was long overdue.

The outcome was indeed gratifying. It reflected the interest of conscientious residents in the future of their city.

Massive 'Scout-O-Rama' To Open Friday At County Fairgrounds

County Fairgrounds in San Mateo, on 25th avenue, will be the site this Friday and Saturday for Scout-O-Rama, biggest event of the year for 18,000 Cub Scouts, Boy Scouts, Explorers and adult leaders of the San Mateo County Council.

The big presentation is a walkaround type of show. More than 250 displays and demonstrations will be featured this year.

Hours Friday are 7 p.m. to 10 p.m., and on Saturday, from 2 to 5 p.m. and from 7 to 10 p.m.

Each unit participating in any one or more of the phases of the Scout-O-Rama will be awarded a participation ribbon. Recognition cards emphasizing the number of years as a participant will be given to each unit. In addition, a special crew of judges will present certificates for outstanding performance, judged on the general impression that the booth gives.

Units will move on to the fairgrounds beginning Wednesday afternoon, and continuing Thursday afternoon and evening, to set up their booth or demonstration area. Special items such as furniture, signs, lighting and special equipment will come in at that time. All booths will be ready to go as the show opens Friday evening, May 22.

Cub Scouts in their booths, will feature such themes as space travel, hobbies, circus animals, backyard games, baseball and the San Francisco Giants, craft skills, the making of gifts, leatherwork and other projects.

Boy Scouts will show their abilities in fire building, cooking, signaling, camping, lashings and the use of rope, finding their way with a compass, stalking, packing, conservation and fire prevention.

Explorers, following teen-age themes, will build bridges and towers, repair automobiles, explore fields of communications and other vocational and avocational activities.

Each Cub Scout, Boy Scout and Explorer has the opportunity to learn the skills of salesmanship in selling tickets for the Scout-O-Rama. Kickoff for the ticket sales effort was Tuesday, April 28. The next day, young men from 8 to 18 were on the streets, ringing neighbors' doorbells, selling commuters as they boarded train and bus, invading industrial plants, and stationing themselves strategically at shopping centers, business sections and hotels of all communities, in the biggest sales effort of their career in Scouting.

Hearst, Burlingame; public relations—Mrs. Harriet O. Peter, Burlingame; personnel — Victor A. Hermann, San Mateo.

Martin Orloff of Daly City was appointed as a delegate to the California Tuberculosis and Health Association.

Something For Everyone

By Sam Chandler
City Librarian

Movies mean more business for the Daly City Public Library.

Every time a movie based on a famous book shows in the San Francisco area, there is an immediate demand for the book at the library.

Recently, for example, when The Last Hurrah played locally the library built up a long waiting list for copies of Edwin O'Conner's best seller. Other recent movies which have brought a record burst of interest from Daly City residents in the books on which they were based include The Brige on the River Kwai, Raintree County, Marjorie Morningstar, The Young Lions, Sayonara and Old Yeller.

That little note at the beginning of the movie, "based on the novel" by Ernest Hemingway or James Michener, or Taylor Caldwell, is an excellent thing to notice, for it can direct you to hours of enjoyable reading.

Here's an example of new films based upon books: The Angry Hills with Robert Mitchum; Ben Hur with Charlton Heston; The Sound and the Fury starring Yul Brynner and Joanne Woodward; Blood and the Sand with Sophia Loren; The Last Angry Man with Paul Mun and Betsy Palmer; The Nun's Story with Andrey Hepburn; They Came to Cordura starring Gary Cooper and Rita Hayworth; Count Your Blessings, based on Nancy Mitford's The Blessing and starring Deborah Kerr and Rossano Brazzi; The Summer Place with Natalie Wood. Even Walt Disney's Shaggy Dog is based on a book. This time it is Felix Salten's The Hound of Florence. Mr. Salten, you will recognize, is the man who wrote another of the books that Walt Disney turned into a famous show, Bambi.

While many people prefer to see the movie than read the book, many others would rather read the book, then see the show. We have one publication that will prove beneficial to both. It is entitled A Joint Estimate of Current Entertainment Films. Usually this publication contains two parts. The first is a review of the best reviews of new movies and the latter a list of motion pictures based on books and plays. This publication is posted on the bulletin board in the Mission Street Library.

We invite you to come in and use it as well as the actual books.

MISS STEPHENS OF JEFF WINS SCHOLARSHIP

Marijean Louise Stephens, 17-year-old Jefferson High School senior from Bayshore, has been awarded the Panhellenic Scholarship to the University of California.

The $200 award is given by Peninsula alumnae groups of the Panhellenic sororities.

Marijean, a liberal arts major with outstanding grades, is the daughter of Mr. and Mrs. Merman Stephens, 236 Acacia street.

She will enter California this September. Her major interest is the field of English.

NO explosion resulted when these Jeff High chemists gave a class demonstration of the properties found in inflamable liquids. Pat Culley (left) and Sharon Sanders, both juniors, proved that they really know their way around the lab. Standing next to them is an electrostatic machine, newly purchased by the high school, which sends a powerful crack of lightning between the small and large globes when its electric motor is turned on. The Town Record

By ROY HURLBERT

National sportsmag this week has excellent yarn on Daly City's Eddie Cereghino, the 25-year-old daddy of three (one more due momentarily) who got $74,000 eight years ago for signing with the New York Yankees.

Eddie quit the game because he got tired of playing in the minors. He's sorry he couldn't live up to baseball expectations.

But he doesn't have to rely on sports. A well-read young man, Cereghino is working for his teaching credential at SF State. The $74,000 gave him a nice nest egg for family security.

The comumnity and its leaders from many walks of life will pay tribute to architect Mario Ciampi on June 2 at Westmoor.

His school designs have helped to put Daly City on the map. Ciampi schools have a durable as well as eye-appealing quality. They don't crumble like some other new educational plants we've seen on the Peninsula.

Roy McLaren, college-educated assistant police chief, continues to impress many groups here with his talks on the job the Daly City department is accomplishing — its problems and its progress.

Public relations is a considerable factor in police work and Chief Roland Petrocchi has a fine aide in bringing the message home on major matters of concern.

Veteran SF columnist noted Colma's sparse population Sunday, referring to the "silent" thousands in the cemeteries in comparison to the handful of living residents.

The big town scribe forgot that unincorporated Colma has a big population. His reference, of course, was to the town of Colma, not the unincorporated and much-populated area.

In case you think church benefit affairs are small potatoes, try this on for size:

Recent Westlake Festival, staged by Our Lady of Mercy parish, brought a profit of $50,000 for the building fund.

A worthy cause and fine organization that brought results.

Win, lose or draw, Joe Lewkowitz showed his caliber as a gentleman last week with one comment during Candidates' Night for trustee hopefuls.

Noting that one of the five elementary district candidates had been offered a "deal" to bow out of the race, Lewkowitz said that if this were the case, "perhaps one of my supporters got a bit overzealous."

Those who know Joe Lewkowitz will testify that the well-intentioned guy does not step on people's toes. He plays the game fairly and, to our knowledge, never takes advantage of anyone.

Hillsborough resident Mike Callan, outgoing Jeff Elementary school board member, is winding up his service on a somewhat sour note.

The past few weeks Mike has missed enough board meetings to disqualify him as a trustee.

The Callan delay on Edgemar road really put Mike on the outs with fellow trustees—a storm that started when Tom Noonan and Frank Verducci reorganized the board.

North End Response Very Good In County-wide Cancer Campaign

San Mateo County's corps of 4000 Cancer Society volunteers, hundreds of whom are doing an outstanding job in Daly City, South San Francisco and the Coastside, received special thanks and praise today from President Mrs. Albert A. Hedge.

Their stepped - up door - to - door campaign is beginning to carry some cities up to their quota.

"The countrywide record high goal is $90,000, and the fund drive is still continuing in most cities," explained Mrs. Hedge. The important educational drive continues throughout the year.

"We have every hope of reaching our total this year, and once again setting the pace for the state. We've done it before and I'm sure that with the wonderful cooperation of the residents of this county, our workers will do it again," she emphasized.

Meanwhile, adding to the county's total has been the Daly City Hi-Fi club of teenagers who donated $106 toward the goal as the proceeds from a recent benefit dance.

Mrs. Edna Laurel Calhan, of Pacifica, north county division chairman, expressed the society's deep appreciation to the Musicians' Union Local 6, A.F.L.-C.I.O. who made the benefit possible. The drive in the east side of Daly City (differentiated from Westlake) is headed by Joseph Lewkowitz.

Mrs. Hedge reminded, "It is important for the public to know that the Cancer Society here has one of the lowest over-heads of any such service organization. We have one full-time director, and three part-time people. Some of their work, of necessity, must be done on a volunteer basis also. Our goal is to channel every penny we can into national research, local education, and help to the utmost of our financial ability the cancer victims in our county."

Social Security 'Day' Here Will Inform Residents

"Social Security Day" will be observed here Saturday, June 13, at which time officials of the government agency will set up camp at Westlake Shopping Center to inform the public about Social Security and what the program entails.

Heading the presentation here will be Mrs. Marcia Kahn, manager of the San Francisco Social Security office, 761 Van Ness, and Gilbert Khachadourian field representative for the Daly City area.

The Social Security experts, working in teams, will issue pamphlets, answer all questions, and show movies. Westlake merchants are cooperating and plans are underway for some military exhibits.

The program will last from 10 a.m. to 6 p.m. on June 13 at Westlake Shopping Center.

Younger Seeks Amphitheater For Cemetery

Congressman J. Arthur Younger today introduced a bill in the House of Representatives calling for construction of an open air assembly area, with a platform and lectern, at Golden Gate National Cemetery in San Bruno.

The structure, which would accommodate approximately 2500 people, would cost approximately $82,500, according to plans submitted by Quartermaster General Evans, U. S. Army.

Younger introduced the bill following approval of the plans by the United Veterans Coordinating Committee of San Mateo County at a meeting held last week at the Navy Electronics Center in San Mateo.

Captain Stewart C. Griswold, San Mateo, chairman of the committee, said that veterans groups in the county have worked toward securing some type of amphitheatre at the cemetery so that Memorial Day services and other programs honoring the war dead could be carried out with more dignity than at present.

Open House Slated Next Tuesday At North County Health Center

On Tuesday, May 26, from 4-6 p.m., the San Mateo County Department of Public Health and Welfare will hold open house at its newest health facility, the North County Health Center, 1024 Mission road, South San Francisco.

Plans for the occasion have been made by the Board of Supervisors, Dr. H. D. Chope, department director; Dr. Harlin L. Wynns, superintendent of the Health Division, and the Health Division staff. County and City officials, local physicians, business and industry representatives, civic and fraternal organization representatives are being invited along with all interested citizens to inspect the facility.

Although the structure is new, the services provided are not new to north county. In effect, the Health Center represents a transfer of operations from the old quarters in Daly City to a more adequate space, aproximately 7200 square feet, with off-street parking. The workers being housed at the center cover the same districts of the north county area, namely South San Francisco, Brisbane, Bayshore, San Bruno, Millbrae, Daly City and Pacifica.

Basic services of the Health Division, including administrative, laboratory, chest x-ray, and statistical services remain at the main office in San Mateo. The principal services available at the new center are Sanitation, Nursing (including VNA) and Well Child Conferences. The present staff includes seven nurses, three sanitarians, two clerical personnel and a custodian. Nurse trainees are accommodated periodically.

Branch offices of the Health Center type as seen throughout the U. S. are designed to serve populations in the realm 100,000. Although the present structure is quite adequate at the moment, there is space for expansion as conditions warrant. In addition to the regular services offered at the facility, it is anticipated that there will be a branch of the Mental Health Services Division established to provide consultation services for the north county area.

The total project cost represents an outlay of $182,270 including land purchase, financed from state subsidy tax funds. The designer is the firm of Green and Erskine.

Navy Nurse Corps Has 51st Birthday; Opportunities Told

The Navy Nurse Corps will mark its 51st anniversary year this month. The 51st year of the Nurse Corps saw one first—the first graduates of the Navy's new Nuclear Nursing School took their places on Navy hospital staffs throughout the country as nuclear nursing consultants.

The Navy's Nuclear Nursing School, located at the U.S. Naval Hospital, Bethesda, Maryland, a pioneer in the field of military nuclear medicine, not only trains naval personnel in nuclear medicine but also is open to qualified nurses from other services.

Today, the Navy offers its nurses the advantage of continued professional growth through duty in well staffed, well equipped, large general hospitals; through participation in short courses, work shops, institutes; and through instruction in civilian college and universities at Navy expense while receiving the full pay and allowances of their rank.

The Navy's recently instituted Nurse Corps Candidate program entitles selected nursing school seniors to all expenses during their final year of a collegiate nursing school. Upon graduation the NCC is commissioned an ensign in the Navy.

Crocker School Safety Patrol Enjoys Outing

Crocker School's Safety Patrol visited the Presidio Saturday for their annual outing. This was Armed Forces Day and the boys enjoyed the displays and exhibits.

They saw Hercules missiles, radar equipment, paper uniforms and other kinds of experimental uniforms for cold weather, cameras mounted on guns, divers working in tanks and all kinds of diving equipment, a mobile library, and flags of the United Nations.

Director of the patrol, William Tergis, Crocker vice-principal and 5th grade teacher, organized the Safety Patrol in an effort to build up good safety practices among the students at Crocker. Divided into two squads, the patrol goes on duty just before and after school and at the beginning and end of the noon hour. They also do special session at 11:30 when the morning kindergarten is dismissed.

From the parade grounds at the Presidio the boys went down to Fort Point, situated directly under the south end of the Golden Gate Bridge.

The boys who took the trip from Squad 1 were: John Bell, captain; Bobby Keith, lieutenant; and Eugene Morabe, Robert Botai and Jerry Galindo. The boys from Squad 2 were: Harold Colaizzi, captain; Jim McGowan, lieutenant; Ron Hall, Peter Laffranchi, Ron Gray, Lewis Bronfield and Jerry Salvador.

The boys wound up their trip with a swim in Fleishhacker pool. Assisting on the trip with their cars were John Laffranchi and Nicanor Morabe, parents of two patrol members.

Jeff High PTA's Windup Meeting 'Glad And Sad,' Also Very Busy

By Servart Ojakian

It was both a glad and a sad time for the Jefferson High PTA at its last meeting of the term last Thursday.

One was happy to be reunited with friends again that may be their last meeting, and yet sad to be thinking of being parted, maybe forever, for graduation will take some away.

Still, there was the happy thought of vacation time and more leisure hovering around the corner.

There'll be time to relax and think and plan during the summer, for new and bigger, better ideas for the strengthening and development of the Jefferson High unit.

Thursday's meeting was of great interest to the many parents and teachers who had the opportunity to hear Assistant Police Chief Roy McLaren on his views of juvenile delinquency and the tightening of laws relating to the publication of pornographic and obscene matter.

Miss Ada Wood, dean of girls, sent a "thank you" note to the PTA for its donation of $95 toward the student welfare fund.

A letter from Congressman J. Arthur Younger to Mrs. Joseph Kusber, congratulating her upon her election to the presidency of Jefferson High PTA, was read.

Younger said, "This is indeed a fine indication of your ability as a leader and I wish you and the other new officers a very successful and profitable year in office."

Mrs. Kusber announced that she attended the State PTA Convention in Los Angeles, May 5-8. She learned many new things and exchanged ideas with others. She paid tribute to Principal John Mongan on his wholehearted interest and support of our PTA program and stated, "We work together so well that there is complete harmony among us and we are happy to have such a fine principal."

A dutch-treat dinner for the outgoing and incoming executive board will be held on Wednesday night, May 27, at 7:30 p.m. in the Steak Pit of Colonial Inn. Reservations may be made by phoning Mrs. Vivian Wingate, PL 6-3519.

Refreshments were served from a gaily flower-laden table.

Mrs. Marian Kramer's reading of the spiritual thought of the evening, made a fitting closing:

Write me a verse, my old machine
I lack for an inspiration
The skies are blue and the trees are green
And I long for a long vacation.

Wild Chase On Hillside Ends In Drunk Arrest

Wild siren howling chases at speeds up to 60 miles an hour on Hillside boulevard Sunday night resulted in the arrest of Daniel Raymond Leahy.

Leahy, a 22-year-old machinist who lives at 551 Templeton avenue, was first spotted by officers Jeffrey Wetmore and Dick Schumacher when he entered Market street from Teresa at a high rate of speed.

As they watched, his car swerved into the wrong traffic lane, came back across the center line and then wandered aimlessly to the wrong side several more times.

This resulted in the officers attempting to stop him at the intersection of Market and Hillside. They were unsuccessful and the car sped away south on the boulevard at 50 miles per hour.

With red lights flashing and the siren at full blast, the police car gave chase. Finally, the speeding vehicle was cut off and brought to a halt several blocks away.

Upon questioning, Leahy stated that he had run because he couldn't afford any more tickets due to the fact that he had already received two in San Francisco that day.

While talking to him, Wetmore and Schumacher noticed a faint odor of alcohol on his breath, but due to his co-operative attitude and coherent actions did not consider him as drunk.

They issued a citation, warned the young man and started to drive away.

As they did so, they noticed his car again take off at a high rate of speed, going south on Hillside boulevard.

Leahy passed several cars in an erratic manner. Again, with lights and siren, the chase was on.

This time, Leahy tried hard to lose them, hitting speeds up to 70 miles per hour in the 35 mile zone.

Weaving back and forth, the two vehicles sped on through traffic. It was not until they had come to within 75 yards of the South San Francisco border that officers finally brought Leahy to a halt.

He was booked on a drunk driving charge after a blood analysis showed him to be moderately under the influence of alcohol. However, the offense was subsequently reduced to reckless driving.

Woman Terrified On Forest Grove By Entry Attempt

Lions Learn Self-Diagnosis Bad On Heart

"People so often become confused over heart disease that a simple case of indigestion will give them the jitters," Dr. Alfred W. Childs of South San Francisco told the Daly City-Colma Lions this week.

Speaking for the San Mateo County Heart Association at Val's Redwood Room, Childs discussed various misconceptions about diseases of the heart and blood vessels. At the same time he stressed the dangers of self-diagnosis-with both areas illustrated by a special movie from the heart associations library.

Dr. Childs said that "continuing research in heart diseases has shown that much illness can be prevented. In many heart disorders, medical or surgical treatment can restore health to persons who would have had permanent disability just a few years ago."

Referring to mental health, Dr. Childs said that more attention is being given by the medical profession to the intimate association of mental health and a healthy heart.

CARS EGGED ON MISSION STREET BY SCHOOL GIRLS

Eggs were hurled at cars by two 14-year-old Colma School eighth grade girls Sunday night on the 6100 block of Mission street.

After they hit a vehicle driven by South San Franciscan Richard R. Allen, he stopped his car and gave chase to the teenagers.

They fled into an all-night laundromat. When he caught up with them they denied his charge and spat a lot of abusive profanity at him.

Allen then called police while the girls sped back into the street.

Officer Frank Murray responded and was told by a woman in the establishment that she had seen the two offenders stash a carton of eggs in a clothes drier.

Murray left the scene and came back about ten minutes later to find the young women in the process of retrieving their abandoned missiles.

He brought them to the station for questioning, where, he says, they were profane, belligerent and extremely uncooperative.

This resulted in their being turned over to the Hillcrest Juvenile home where they will await further action.

Southgate Piggy Bank Suspect Is Cleaning Woman

Thus the case has been left open for further investigation.

Some Helpful Answers For Korea Veterans

Q—When I come out of service next month I will be eligible as a Korea veteran for a GI home loan. Will I lose this eligibility if I sign up for reenlistment?

A—No. You would not lose eligibility for a GI home loan by re-enlisting. However, you would be bound by the deadline of February 1, 1965, like any Korea veteran.

Q—If I should add the total disability income rider to my World War Two GI insurance policy, and become disabled, would the amount my beneficiaries would receive from the policy in case of my death be reduced in any way?

A—No. Disability payments made under the rider in no way decrease payments made to beneficiaries of your GI insurance policy.

Q—Is a "peacetime" veteran with a disability rated 50 per cent entitled to more compensation for dependents?

A—Yes. Peacetime veterans rated 50 per cent or more disabled may be entitled to additional compensation for a wife, minor children, or dependent parents.

Q—I was in a prison camp during the fighting in Korea. I have a dental condition traceable to my service, but for which I do not receive compensation from VA. Is there a deadline in my case for applying for VA out-patient dental treatment?

A—No. You may apply at any time, and receive as many treatments as needed.

PLANS are readied for Jefferson High PTA's executive board dutch treat dinner by these committee members. Left to right are Mrs. Ann Eason, recreation chairman; Mrs. Norman Maita, telephone chairman, and Vivian Wingate, co-hospitality chairman. The affair was held Wednesday at the Steak Pit.

Education Bill Deadline Looms For Korea Vets

Some Korea veterans, in night school or in part-time training under the Korean GI Bill, may have to start accelerating their courses if they want to finish up by the termination date of their GI training benefits, the Veterans Administration said today.

Under the law, a veteran's GI termination date is eight years from the date of his discharge. But in no event can he take GI training beyond January 31, 1965.

Veterans may not be paid GI educational allowances after their termination dates have passed, VA said.

VA pointed out that a veteran discharged in 1952 faces a termination date next year, in 1960. For a veteran discharged in 1953, his termination date would come sometime in 1961.

VA suggested that veterans taking Korean GI Bill training check their own individual termination dates. If the date is hard upon them, VA said, they may want to consider accelerating their courses by taking additional subjects or going to summer school.

Veterans working days and going to school at night parttime may be particularly hardput to finish their GI training before their deadline, since their training may extend over several years, VA said. They in particular should give thought to speeding up their courses in order to finish in time, VA advised.

Social Security Office Requests Notification

One of the goals of the Social Security Administration is to pay benefits as promptly as possible to those persons entitled to payments, Mercia Leton Kahn, manager of the San Francisco (Mission) office, stated today.

To do this, Mrs. Kahn said, it is necessary for the person claiming benefits to make inquiry for payments at his local social secrity office. A worker should inquire for payments before he retires if he knows he will be retiring on a certain date. This will give the Social Security Administration and the person claiming benefits time to get the information and evidence together to establish his rights to the payment before the time his first check is due.

Generally, evidence will be required to prove the age of the retired person and the age of his wife. This may be a birth certificate or other record of age that is old and reliable. Also, evidence of the worker's earnings in the taxable year that ended before he plans to retire is necessary. This may be a copy of the income tax return for self-employed persons or the W-2 forms for wage earners.

Mrs. Kahn again stressed that for prompt payment of your first social security check "inquire before you retire" at the San Francisco (Mission) social security office. The address is 761 South Van Ness avenue. Telephone number is MI 7-9722.

'POPPY DAYS' AID VETERANS IN HOSPITALS

The red crepe-paper poppy will be offered to the public by the members of American Legion Auxiliaries throughout the area on Poppy Days, this Friday and Saturday. These auxiliary members will be stationed at street corners, greeting each passerby with that familiar question: "Will you wear a poppy?"

The observance of Poppy Day is a special project of the American Legion. It is its responsibility to have the little red memorial flowers made by disabled veterans, then to take these flowers to the people of America—giving everyone an opportunity to wear a Poppy in honor of the heroic dead.

The slogan for this year is "Pin a Poppy Over Every American's Heart," states Mrs. Lula Lucas, poppy chairman of District Eight of American Legion Auxiliary, San Francisco. Mrs. Lucas further explains: "These poppies are made by the disabled veterans at Ft. Miley Veteran's Hospital. A total quota of 105,000 were completed by hospitalized veterans at this hospital this year, under the leadership of Mrs. Rose Haughy, poppy production chairman at Ft. Miley for 1959. The members of the auxiliaries teach the hospitalized veterans how to make the poppies and the disabled veteran is paid 3 cents for every poppy made. Upon completion of 1000 poppies, he receives his first check.

Monies donated for poppies are used for rehabilitation of the veteran and his family and to further his children's education.

SCOUTS AWAIT GIANT INDIAN SHOW AT KEZAR

The biggest act at the 1959 Scout - O - Rama to be held at Kezar stadium for the first time on Saturday, June 6, will be a gigantic Indian event featuring over 1800 Cubs and Scouts.

Event director is "Prince Lightfoot," of the Yurok Tribe, Stanford's famous Indian who has appeared during half-time activities at countless football, basketball games and track meets for the past seven years.

Cub Scouts throughout the city have been making their own Indian costumes for several weeks and practicing their dance steps as they prepare for their mass Thunderbird ceremonial dance at Kezar.

Two hundred Boy Scouts, chanting and beating tom toms will circle the dancers as the Cubs perform their dance around the arena. Indian villages with teepees, fires, etc., will fill both end zones at Kezar.

The Indian event is one of nine big acts in the Scout-O-Rama, largest outdoor Scouting spectacular ever held in San Francisco. The show opens with a grand entry parade featuring 800 Cubs, Scouts and Explorers marching with massed flags, is followed by "Teamwork and Timing," including midget autos, motor scooters and bicycle corps in precision drill routines; "Summer Safari," with hundreds of Cub Scouts dressed in native costumes in a make-believe jungle episode; several exciting Western acts, "Wagons Ho," "Guns and Saddles," "Packin' In," with traditional cowboy activities, trick riding, rope spinning, whip cracking and a grand finale honoring the addition of the 50th star to our flag.

More than 2000 delegates to the National Annual Meeting of the Boy Scouts of America, being held in San Francisco for the first time in 30 years, will be invited to see the Scout-O-Rama.

Scouts are selling tickets to their big show for $1 for adults with children under 16 admitted free.

More Women In DC Victims Of Obscene Calls

Obscene telephone calls were reported to Daly City police by three women during the weekend.

On Friday night, when a Mateo avenue housewive answered her phone, a young man asked for her daughter.

After she replied that there was no such person he then made foul propositions and remarks to her.

According to Officer Frank Stables' report, the woman said that others in her neighborhood have received similar calls recently but have not reported them due to a fear of embarrassment.

Saturday night there was another report which came from a housewife on Partridge lane.

In the first call, a young man used obscene and profane language. A few hours later a young woman called and did the same thing.

The victim said that the same female had telephoned her on Wednesday night at which time she made off-color propositions.

Another report came in on Sunday night from a woman on Garden Grove. She stated that two calls had been made by a young man who spoke in a soft, cultured voice.

So far, police have been unable to turn up any suspects in the rash of mysterious calls.

COLLEGE PROGRAM FOR ENLISTED MEN WITH NAVY

Enlisted men in the Navy with a high school education are eligible for the college program. Because of the increasing demand for personnel trained as engineers and scientists to cope with the problems and complexities of modern warfare, the Chief of Naval Personnel considers it essential to increase in every effective way the level of competence of enlisted personnel to meet this challenge.

Two programs are provided to meet this requirement. The Navy enlisted advanced school program is designed to prepare highly qualified petty officers for assignment to duty as systems engineers for advanced fire control systems, advanced armament including nuclear weapons and nuclear propulsion. The other is the enlisted scientific education program, designed to provide for the training for eventual assignment to duty in the broad fields of science or engineering as utilized by the Navy.

Information for the above listed programs and other opportunities offered by the Navy may be had by contacting Chief Stanley Cichocki, Navy Recruiter at 6705 Mission street, Daly City, or by calling PL 6-3740.

Navy Program For WAVES Is Getting Results

The Navy's three-year enlistment program for women enlisting in the regular Navy has proved very popular the past year.

During its first year in operation, the enlistment rate of women joining the Navy in Northern California, Nevada, and Utah has gone up considerably.

The reason behind the original reduction stems from the belief that four years is a long time for a young woman to obligate herself to service when she is undecided as to her future career.

The three - year enlistment contract opportunity is in addition to the present terms of enlistment of four and six years respectively.

WAVES of the regular Navy are assigned to stations throughout the United States, Hawaii, England, France, Japan and Germany.

Women are enlisted in the Navy as seaman recruits and are sent at Navy expense, to the WAVE Recruit Training Center, Bainbridge, Maryland, for nine weeks indoctrination.

Depending on their academic record at Bainbridge, the newly trained WAVES are assigned to one of a number of schools available for women desiring future rating in such jobs as aerographer's mate, air controlman, draftsman, journalist, photographer, yeoman and many others.

All benefits available to Navy men are available to WAVES. For further information regarding the WAVES, contact Chief Stanley Cichocki, Navy Recruiter, 6705 Mission street, Daly City, or call PL 6-3740.

Control That Speed

The authorities are always trying something new in their constant effort to control speed on our streets and highways.

The latest novelty along this line, points out the National Automobile Club, is one that is set into operation by a thin but sturdy rubber hose that lies across the highway. When an automobile crosses the hose, the hose starts an electronic device that times the automobile as it rolls along the road. If this rolling is a little on the too-fast side, the ingenious device sets off a weirdly screaming siren that startles, embarrasses, then cows the motorist so that he slows down to a canny crawl.

Sadistic observers who have observed the device in operation claim that it "does the trick" every time.

WESTMOOR WINS, 10-9

Tribe Hopes To Kill SSF Flag Cinch

South San Francisco's Warriors can win the Peninsula League varsity baseball pennant this Friday if they get by Jefferson's Indians in their 3:15 season ending clash on the Jeff diamond.

The invaders are 10-3, a game ahead of Burlingame. If SSF loses and Burlingame beats lowly San Mateo, the title will be shared by the Warriors and Panthers. Burlingame is 9-4.

Jeff succumbed Tuesday to Capuchino, 8-2. The Indians are 5-8 in the books.

Westmoor, 10-9 victor over Hillsdale here Tuesday, bows out against Mills here Friday afternoon. Sophomore Barry Krohn, regular first baseman, will pitch for the Rams. Westmoor, with a 7-6 mark, has cinched fourth place.

Junior Lenny Anderson will toe the mound for Steve Mezzera's Indians against the league leaders. Both Jeff and Westmoor have measured South City this campaign. The Rams did it twice. Mid-season injuries and the flu bug spoiled the flag quest of Coach Rod Losberger's squad.

Westmoor last Friday was clobbered by Capuchino, 11-4. Jeff lost a closie to Burlingame, 4-3, in a game featured by Indian catcher Jerry Kennedy's two 380-foot doubles to leftfield. Ground rules denied the powerful Jeff mainstay home runs on the blasts. They were the longest hit in the league this year.

Dave Simons, who worked six frames, got the Westmoor victory over Hillsdale. Krohn tossed the last inning. Catcher Eddie Walthard drove in four runs with two hits. Krohn's double pushed across three Ram tallies. Danny O'Connor and Tom McHugh both got two hits for Westmoor.

Darrell Weber, Cap's nonesuch southpaw, halted Jeff with a two-hitter. His mates got 13 hits off junior Don Staff.

Our Lady of Perpetual Help dawned the PAL Hawkeyes 7-3. Marty Oertwig joined the Junior "Hall of Fame" members with his no-hit, no-run game, a 9-0 victory over Patek-Ecklon. Top fielding plays by his mates enabled him to make it. Displaying occasional wildness (11 walks), he walked the bases loaded in the fifth inning wfth two men out. Bill Carpenter, San Pedro right fielder, displayed a rifle arm by robbing Patek-Ecklon of a base hit and a run by taking a line drive which hit in front of him and throwing the runner out at first base.

DALY CITY PREPS INVADE BERKELEY

Dunbar, Len Lamendola Eye State Track Honors

Half-mile ace Dave Dunbar and quarter-mile standout Len Lamendola lead Daly City's prep track delegations in the North Coast Section finals this Saturday at Universtiy of California.

Westmoor, which tied San Mateo for the Peninsula League varsity title, is sending six boys along with Dunbar to the Berkeley meet. Top three finishers in each event go to next week's state championships at Bakersfield.

Lamendola, Jeff's surprising senior, will be accompanied by half-miler Felix Valdez and B division distance man Anibal Davila. Each was successful in the North Coast trials.

Lamendola, in fact, was sensational. Idle three weeks by injury, Len blazed to a first in the 440 in school record time of 49.9. Only Dixon Farmer of Miramonte, with a 49 flat clocking, is better than Lamendola in Northern Cal.

Valdez was fifth in the trials to qualify for the 880 showdown. Davila goes as an alternate in the B division 1320-yard run.

Dunbar, close to the U. S. prep record in the half-mile, will compete along with teammates Rich Blakemore (mile), Mike Young (660, B's), Tom Dake (low hurdles, B's), and the B relay unit of Eddie Berg, Dake, George Herbst and Jim Buccelli.

TIME has arrived for Westmoor High's Dave Dunbar to make an all-out effort to break the national record in the 880-yard run. The spunky senior should have plenty of incentive this Saturday in the North Coast Section finals at Berkeley and next week in the state meet at Bakersfield. THE RECORD photo

Rams Conclude Baseball Wars Against Mills

Resigned to a still-commendable first division finish, Westmoor's varsity baseballers end the campaign this Friday afternoon here against Mills High.

The Daly City nine played its worst game last Friday, making seven errors in losing to Capuchino, 11-4. The setback gavs the Rams a 6-6 Peninsula League record.

Dave Simons was the loser. He went out in the fourth as Dick Reese entered. Barry Krohn, lefty first sacker, pitched perfectly in the sixth and seventh. Cap standout Darrell Weber hurled five frames. Marino finished for the Mustangs. The Rams managed but six hits. Jim Heick and Simon both drove in a pair of runs with timely singles.

Missing for Westmoor were Billy Hix, 3b, out with an infected knee, and shortstop Dan O'Connor, pulled back muscle. Over the weekend Heick came up with poison oak.

Seniors Ross Holmgren, Simons and Ron Hasinski will be playing their final games for Westmoor this Friday.

Tuesday's Westmoor - Hillsdale game here was too late for press time.

Westmoor fell apart in midseason, mainly due to injuries, after leading the league with a 4-0 mark. Two of the six Ram wins were over first place South San Francisco—the toughest team in the circuit.

Competition Open In SF For Sport Car Buffs Here

Volkswagen Club of California announces the Gymkhana Del Presidio III, a two-day N.C.S.C.C. Championship event, to be held on Saturday and Sunday, May 23-24.

The Gymkhana is open to all foreign and sports cars and will be held at the Presidio parade grounds in San Francisco.

Although 200 cars ran in last year's event, another 100 had to be turned away, so this year we have arranged for a two-day event, through the cooperation of the Presidio commandant and his staff.

It will be the ultimate goal of the VWCC to make this event a "model gymkhana" from the standpoint of safety, crowd control, spectator enjoyment, and driver participation.

The Volkswagen Club of California invites all gymkhana enthusiasts to attend this annual event.
